SKILLS

- **Languages**: C/C++, JavaScript, Java, PHP
- **Frameworks**: HTML and TailWind(CSS), Bootstrap, NodeJS, ReactJS
- **Tools/Platforms**: MySQL, MongoDB , Git/Github ,Postman
- **Fundamentals**: OOPS , Operating System , Computer Network , DBMS
- **Soft Skills**: Problem-Solving Skills, Leadership, Adaptability

TRAINING

- **CIPHER SCHOOLS – MERN Stack** remote   Jun 2024 - Jul 2024
  Training
  - **Mastered** the MERN stack (MongoDB, Express.js, React, Node.js) through hands-on development, successfully **building and deploying 2+** complex projects.

    Designed, develped, and maintained web applications, improving **efficiency by 40**% through optimized backend APIs and frontend performance tuning**.**.

    Engaged in and contributed to 15+ industry workshops and career-building sessions, enhancing expertise in modern web technologies and best practices

    Earned **and showcased 2+** certifications for completed projects and specialized sessions, **demonstrating** adaptability, continuous learning, and professional growth.

ACCOMPLISHMENTS

Solved more than **300+** problems on (LeetCode,Gfg,CodeChef)

Secured top **0.6%** rank n **GSSOC'24**

Participated **in Smart India Hackathon (SIH) 2023**

Engaged in **10+** industry workshops and career-building sessions

Led a community development initiative, teaching in government school ,impacting **100+ students.**

PROJECTS

- **Food Delivery Web-Site | HTML, CSS, JS, Bootstrap, Angular**   Jan-2025
  Engineered a **100% responsive**, user-centric food delivery platform, **enhancing** accessibility across all devices.
  Implemented secure authentication, **achieving** a **99.9% login success rate** with JWT-based authentication
  Designed and optimized an interactive UI using HTML, CSS, JavaScript, Angular, and Bootstrap, reducing load time by **40%** for a seamless experience.
  Integrated 50+ dynamic recipes via RESTful APIs, **e**nhancing user engagement and personalization.

- **Trip-Planning Web-Site | JS, NodeJS, Express.JS, MongoDB**   Apr-2024
  Developed, and deployed a comprehensive, secure, and user-centric trip-planning platform, **optimizing** itinerary generation and administrative control.
  Conducted and maintained a dynamic trip-planner website with **s**ecure authentication, real-time data fetching, and an intuitive UI, serving **100+ active users** and **facilitating 50+ successful trip plans**.
  Integrated and enhanced a **real-time review system**, **boosting user engagement by 30%** and **improving** decision-making for travelers.

  MINOR PROJECTS:
  Notes Making App (React)
  N-Queen Visualizer (DSA)

CERTIFICATES

- Complete Interview Preparation - Self-Paced (DSA) by Cipher Schools.   Dec-2024
- Introduction to GenAi and LLM by Google Cloud   Nov-2024
- Cloud Computing by NPTEL   Sep-2024
- Data Structure And Algorithms Using C++ by Udemy   Jul-2024
- Full Stack Web Development using MERN Stack by Cipher Schools   May-2024
- Generative AI with LLM by Amazon Web Services   Jan-2024

EDUCATION

- **Lovely Professional University**   Punjab, India
  Bachelor of Technology - Computer Science and Engineering; CGPA: 7.4   Sep 2022 - Jul 2026
